

### What is **Mad City Money** All About?

Face it – a presentation on budgeting likely will put teens to sleep. Yet our 2 hour hands-on Mad City Money simulation appeals to teens and gives them a taste of the real world – complete with occupation, salary, spouse, student loan debt, credit card debt and medical insurance payments. Teens get an instant family and then move about the stations to purchase housing, transportation, food, clothing, household necessities, day care and other needs.

### What's Included in the Simulation?

A mall for “wants,” a pushy car salesperson, a commission-based realtor and the Fickle Finger of Fate. You guessed it – life happens. And in addition to several other merchants, Founders Federal Credit Union is available for financial services.

We also offer the Mad City Money classroom **workshop**. This presentation has all the fun and learning of the simulation but can be held in a single classroom within a 1 hour and 15 minute time frame.

### Here at Founders Federal Credit Union:

We want our kids to be money savvy. Most of the time, teens are thrown into the real world without proper financial education and quickly learn it can be overwhelming if they aren't prepared. With Mad City Money, we strive to change that.
